*7-Tooth sprockets are double-duty type, they have two teeth for each pitch so when one set is worn the chain can be advanced to a new set of teeth.

STOCK-UP ON CC5 SPROCKETS TODAY!

Keep your conveyor moving with high-quality, reliable CC5 sprockets from U.S. Tsubaki, Inc./Union Chain Division

Call or fax your order today.

Union Chain Division's CC5 flame cut sprockets move the auto industry. Our high-quality CC5 sprockets are in-stock now to meet your manufacturing needs. Don't waste time...and money...waiting for other companies to catch up to your needs. We're ready to serve you today. Get Union's CC5 flame cut sprockets!

Heavy-Duty Applications

CC5 sprockets are made from 1-1/8" thick medium carbon steel plate that is hardened for superior wear characteristics. These long-wearing sprockets resist abrasion and stand up to the heavy shock load demands of today's automotive industry.

Fast, Custom Service

CC5 sprockets are stocked in type A steel plates. Prices on type C CC5 sprockets include a standard keyway and two set screws to lock your sprockets on-line. They can be welded as a unit, bored, keyed, and shipped within three days of your order. That's right! Customized to meet your specific needs in only three days.

Made with Pride and Excellence

Union Chain Division of U.S. Tsubaki, Inc., is headquartered in Sandusky, Ohio. Union's CC5 sprockets are manufactured and supplied at our facilities in Vermont, Illinois, and Georgia. You get a sprocket that has been carefully crafted from the highest quality materials...CC5 sprockets stand up to the toughest challenge.
